

# TransferRite Ultra® 992U

## PRODUCT DESCRIPTION

TransferRite 992U is a high tack paper application tape. This transfer tape is commonly used to install partial vehicle wraps. It pairs well with tricky air egress vinyls because its cutting-edge technology allows it to adhere completely to areas of exposed liner. This means your graphics can withstand a lot of handling during transport without the worry of tunneling or curling.

## SPECIFICATIONS

|                    |           |
|--------------------|-----------|
| Colours:           | White     |
| Nominal Thickness: | 7 mils    |
| Adhesion:          | 9.5 oz/in |
| Tensile Strength:  | 20 lb/in  |
| Elongation:        | 14%       |

## PERFORMANCE FEATURES

Exceptionally dimensional stability  
Ultra adhesion to exposed textured liners, ensuring smooth lamination.  
Trouble-free storage, shipping, and installation

## RECOMMENDED END APPLICATIONS

992U is used in large format, repositionable graphics, die-cut on textured liners, and digitally and screen-printed graphics.

## DISCLAIMER

The physical properties listed above are typical values and are not to be construed as specifications. Our suggestions and recommendations for use are based on tests we believe to be reliable. However, the purchaser must determine the suitability of the product for their intended use. Protective Packaging assumes no liability for claims beyond the replacement value of our product proved to be defective.
