

ProtectRite® 7505

PRODUCT DESCRIPTION

ProtectRite 7505 is a clear surface protection film. Generally used to protect smooth polycarbonate sheeting, ABS, and fiberglass.

SPECIFICATIONS

Colours:	Clear
Nominal Thickness:	5 mils
Adhesion:	5oz/in
Tensile Strength:	16lb/in
Elongation:	380%

PERFORMANCE FEATURES

- Offers clean, stain-free removal.
- Easily unwound.
- Puncture resistant
- Can be supplied with your logo imprinted

RECOMMENDED END APPLICATIONS

7505 is generally used to protect medium polished stainless steel, anodized aluminium, painted metals, and mill finish aluminium during fabrication and/or shipping. The custom formulated acrylic adhesive offers a “medium adhesion” product even during extended applications.

DISCLAIMER

The physical properties listed above are typical values and are not to be construed as specifications. Our suggestions and recommendations for use are based on tests we believe to be reliable. However, the purchaser must determine the suitability of the product for their intended use. Protective Packaging assumes no liability for claims beyond the replacement value of our product proved to be defective.
