

Protectrite® 1504

PRODUCT DESCRIPTION

TransferRite 1504 is a low tack film application tape. This transfer tape is your go-to for large vinyl graphics. It provides the added benefit of transparency to aid with alignment and thickness to provide more stability. 1504's low tack adhesive allows for smooth removal after installation.

SPECIFICATIONS

Colours:	Clear
Nominal Thickness:	4 mils
Adhesion:	5 oz/in
Tensile Strength:	24 lb/in
Elongation:	570%

PERFORMANCE FEATURES

- Transparency is ideal for fine, detailed inlays or overlays, or applications requiring a precise registration.
- Dimensionally stable, maintains alignment and resists stretching, folding, or sagging during installation.
- Moisture resistant under conditions of long-term storage.

RECOMMENDED END APPLICATIONS

1504 is used where precise registration is required and designed to assist in the application of pressure sensitive decals that have been cut into letters and legends. 1504 works well with pre-spaced lettering 2"-12" high, as well as decals or lettering <12" in one dimension. 1504 can also be used on printed or unprinted graphics.

DISCLAIMER

The physical properties listed above are typical values and are not to be construed as specifications. Our suggestions and recommendations for use are based on tests we believe to be reliable. However, the purchaser must determine the suitability of the product for their intended use. Protective Packaging assumes no liability for claims beyond the replacement value of our product proved to be defective.
